

In Memoriam of Scott Ira Kavanaugh

The Sower laboratory and University of New Hampshire mourn the loss of Dr. Scott I. Kavanaugh, former UNH graduate student who passed away Aug 2, 2018. Scott completed his Master's Degree (2005) and PhD (2010) in Biochemistry in the Department of Biochemistry and Molecular Biology at UNH. Scott was an exceptional graduate student. He was highly motivated, showed extraordinary abilities and was an incredibly hard worker. Scott was a friend, colleague or associate to many from the Sower laboratory and UNH. His love of learning and growing tomatoes was unsurpassed. He continued as a Postdoctoral Fellow at the University of Colorado at Boulder and then had started a new job at UC in the fall of 2017. Scott lived life to the fullest and loved his family. His extended professional family and friends join his family and extended family in mourning his tragic loss. The memory of an extraordinary and giving person will be treasured and remembered.
